

Historic Oroville Inn Packing List

Please pay special attention to the items in red below as their purpose is to promote health & safety.

FURNITURE IN SUITE (what we provide - every room contains these standard amenities)

- Bed (Twin XL)
- Dresser
- Desk & Chair
- Closet or Armoire (shared)
- Fridge space (1 mini per person or large shared for Quad rooms)
- Microwave (shared)
- Restroom (shared)
- Overhead light & a window

ROOM ESSENTIALS (what you should prepare to purchase or bring with you)

- **HAND SANITIZER & DISINFECTING WIPES for personal use and to leave in your shared bathroom to wipe down after every use**
- **Cleaning supplies for room, dishes, clothing**
- Bed bug liner for your Twin XL mattress (try amazon!)
- Bed linens, Twin XL size (2 sets recommended)
- Bath linens (2 recommended)
- Toiletries
- Power strip, charging cables & a power bank
- Flashlight with extra batteries for emergency use
- Alarm clock
- Paper Towels & spray bottle of sanitizer
- Ear buds for devices to avoid disturbing others
- Toilet Paper (single ply preferred, NO flushable wipes)
- Trash can & bags
- Shower curtain & hooks

If you have important valuables, consider a portable safe. They are inexpensive and easy to find at the many shops around Oroville where you can purchase necessary items if you decide you need them after move-in. Especially if you have roommates, we recommend keeping economy of space a priority so only bring what you need. You may wish to wait to purchase some of the items listed until you know what your roommate will bring, especially the last 3 items above. *The less unnecessary "stuff" you bring, the more room you will have for social distancing.*

FOOD PREP & DINING (what we suggest for food preparation)

- **A personal "mess kit" (dish, plate, cup, silverware) for your own use, you may also consider paper or plastic dinnerware but be sure to bring plenty of garbage bags if you do for the extra trash.**
- **One small saucepan to boil noodles, a small skillet, a spatula and a wooden spoon is enough for most cooking projects on a hot plate.**
- **A plastic bin for carrying, washing and storing kitchen items**
- **Salt & pepper, favorite seasonings and non-stick spray**
- Safe (clean, functional and no broken parts) appliances such as a rice cooker, toaster oven, crock pot, hot plate, etc.
- Splat mat(s) to protect furniture and carpet
- Plastic containers with lids for food storage
- * *Roommates should not share cooking or dining tools*

The vast majority of our residents have prepped and eaten in their rooms so you are free to do so. But the kitchens are there for your use as well. Just remember to clean up after yourself. For cooking, think about what tools you really need to have and focus on those. Don't buy fancy or large sets of kitchen gear. Most home kitchens have extra items, consider bringing those.

ENTERTAINMENT

Devices and Smart TV's can hook up to the free WiFi. Older sets may require the purchase of a receiver such as an Amazon Fire Stick, a Roku, etc. In the Rec Room, we provide a large screen Smart TV with thousands of channels. Residents are welcome to hook up their gaming consoles while they play or watch cable tv, but we recommend consoles be kept in the Tenant's room when not in use. Please do NOT bring any types of signal boosters as they create noise in the WiFi which reduces everyone's connectivity. **And we request all residents follow CDC guidelines of not gathering in groups over 10 people.**
